Dear Tony,

Re: CF&RS Industrial Relations

I request an urgent meeting with the leaders of the 3 political groups within Cheshire Fire Authority. Our purpose for requesting the meeting is to discuss the deterioration of industrial relations within CF&RS.

This follows the outcome of our meeting with the Principal Managers on the 16th November. The refusal by Principal managers to follow local and national resolution procedures, their refusal to jointly seek external assistance to resolve issues and the threat to withdraw CF&RS from the National Joint Council.

Yours sincerely,

Dave Williams.
